**Some things you would like us to think about:**

- There was a comment asking us to consider further paid-for after school provision for families. Unfortunately the costs to provide this service would exceed any income generated so at the moment this is not something we would look to introduce. We do review from time to time and would certainly look sooner if demand increased.
- There were two comments regarding in-school parent and children activities. These related to giving more notice – which we will certainly aim to do – and to the timing during the working day which unfortunately is difficult for us to overcome given that this is when the children are in school; sorry we can't help more.
- There were two comments about homework – regarding the pyramid approach and also the timing of sending homework home. We know that pyramid homework sometimes requires a lot of support from parents and we are really grateful to you for this. We aim to send this out in the first week of a half term – if that is not happening, please ask your class teacher.
- There was a comment about understanding medical needs better. We want you to feel confident that we know your child. If you feel this isn't the case despite talking with your class teacher and Mrs Moore, please do make an appointment to talk with me and we will try to overcome any difficulties.
