

Keeping Busy at Home – Mrs Andrews

Hello everyone!

Please see these activities that you can keep busy with this week. I would love to know how you get on so don't forget you can Tweet me @VHMrsAndrews

Online Activities		
Activity	Where to find it	Helpful tips
<p><u>Maths</u> Ordering numbers up to 1,000</p> <p>Adding 3 digit numbers</p>	<p>For those who are working towards the challenge of column addition: www.bbc.co.uk/bitesize/tags/zmyxxyc/year-3-and-p4-lessons/1 Remember we wrote numbers in columns underneath each other and added them together</p> <p>For those ready for column addition: www.bbc.co.uk/bitesize/tags/zmyxxyc/year-3-and-p4-lessons/1 Make sure you write the numbers in the right column</p>	<p>Remember we split numbers into H T O so 324 is 300</p> <p style="text-align: right;">20 4</p> <p>There's a video to help, then practise and activities.</p>
<p><u>English</u> Writing sentences</p> <p>Using an apostrophe to combine words</p>	<p>www.bbc.co.uk/bitesize/articles/zm6wjhv A reminder of word types, order and punctuation.</p> <p>www.bbc.co.uk/bitesize/articles/z4p2mfr The apostrophe video will make you smile!</p>	<p>It's been a while so look at sentences first. Write the apostrophe correctly and in the right place or it's a comma!</p>
<p><u>Reading</u> Comprehension and skills. Fact retrieval.</p>	<p>www.thenational.academy/online-classroom/year-3#schedule Week 1 Comprehension skills. There is a quiz and different activities to do. Click the tabs at the bottom to go to the next activity.</p>	<p>Start on Monday as the lessons are in order. You need to do the quiz first.</p>
<p><u>Science</u> The parts and functions of plants</p>	<p>www.thenational.academy/online-classroom/year-3#schedule Good time to do this revision, you can see plants outside and name the parts and functions. You can see them in action!</p>	<p>You can pause the video at any time if you need time to think or take something in. You can rewind and hear it again too.</p>

Keeping Busy at Home – Mrs Andrews

<p><u>Wellbeing</u> The importance of teamwork.</p>	<p>www.bbc.co.uk/bitesize/articles/z773bdm</p>	<p>We have talked about this but think about how it works at home and out of school too.</p>

None-Screen Activities	
Activity	Helpful tips
<p><u>Maths</u> Use playing cards to make a 4 digit number eg 4923. Using each card once make the biggest number you can then the smallest number you can. Challenge someone in your house to do the same. Can they get it right?</p>	<p>Write numbers in columns under each other like a list. Helps to see the place value. You can change the cards and use different numbers.</p>
<p><u>English</u> If you were interviewing someone in the future about the lockdown at home, what questions would you ask them? What would you want to know? Did they enjoy being home? What did they do? Did they miss anything? What was good about it? That sort of thing.</p>	<p>Remember to use question marks at the end of sentences. Think about their feelings, daily routine, how things were the same or different.</p>
<p><u>Reading</u> Read 3 pages of a book, write a summary of what has happened.</p>	<p>To help – think about what’s happened, write some sentences. Then make sure you have given the important points, not retold the whole thing.</p>
<p><u>Science</u> Find a plant or flower, don’t pick it but try to identify it’s parts from what you have learned or can remember. Think how the parts help it grow and survive.</p>	<p>If you don’t have a flower or plant, draw one and you could design your own. Make sure you label the function of each part.</p>
<p><u>Wellbeing</u> Make sure you ask someone every day how they are feeling. Write down facial expressions or body language which could hint at how someone feels. How are you going to be part of a team on a daily basis? Write 3 things you could do each day to help or be helped within your home.</p>	<p>Remember being part of a team means listening as well as speaking. Doing as well as sometimes sitting quietly. Write what works for your team.</p>
