Activity	Helpful tips
<p><u>Maths</u> Create a pretend shop with items from your kitchen cupboards. Put prices on, ask someone in the house to be your ‘customer’ and ‘sell’ them the items. Work out how much they owe and how much change they need.</p>	<p>Write down the amounts if you find it hard to add or take away in your head or if there are a few items to add up.</p>
<p><u>English</u> Look out of the window and write a list of 5 things you see. Then, add adjectives to describe the words. Next, make a sentence for each word you have described so you have 5 sentences with expanded noun phrases.</p>	<p>Remember you can use feelings, smells, colours, shapes, all sorts of different adjectives, don’t stick to the same one!</p>
<p><u>Reading</u> Ask someone in your house to read to you and you listen and then you read to them and they listen. Try putting what you have read into a comic strip of between 3 and 5 pictures to describe what you have found out from the reading.</p>	<p>You will have to think carefully what each picture will say and how it will show the information you want to share.</p>
<p><u>RE</u> We talked quite a bit about faith and prayer. Can you make up your own prayer for how you feel at the moment and what you would like to feel like when we get back to school.</p>	<p>You can say thank you for things you are grateful for, ask for help with things you feel anxious about, share your hopes for the future.</p>
<p><u>History</u> This year is the 75th anniversary of the VE day and the end of World War 2. Many people had street parties to celebrate the end of the war and troops returning home. What would you do to decorate your road/street and if you had party food, what would it be?</p>	<p>At the end of the war, many people didn’t have a lot of money and some foods were in short supply so think carefully what you would choose.</p>
